The European travel agents have requested Passport information (names, birth date, nationality & number) to facilitate registration at hotels. Otherwise, when a tour arrives at a new hotel each person has to wait in line to present their passport and fill out forms before they can pick up their room keys. With this information the travel agents and hotels can have everyone's key ready for them when the bus arrives.

Note: Those of you on the Post-Tour to Finland already sent in the some of this information for the flight to Finland. Please also fill out this information.

First Person:
